Miss Garlington Visits Schools.
 Miss Maggie M. Garlington, county supervisor of rural schools, left the city yesterday morning for Cheddar, a small station between Belton and Williamston, for the purpose of inspecting the school at that place. From Cheddar Miss Garlington went on to Williamston, where she took a conveyance out to Welcome school for the purpose of attending a penny party which was held there last night. Miss Garlington addressed the patrons, trustees and pupils of the school on a timely topic.

Mr. Pearman Was Removed to His Home.
 Clerk of Court James N. Pearman, who has been ill at the residence of Sheriff Ashley since last Monday morning, was sufficiently strong yesterday to be removed to his home below the city. Mr. Pearman was stricken with an attack of appendicitis shortly after the convening of court of Common Pleas last Monday morning and was taken to the residence of his brother-in-law, the sheriff, where he was given prompt medical attention. Mr. Pearman's friends are gratified to learn that it was not necessary to operate on him.

Little Cotton Was Offered for Sale.
 Cotton was quoted on the streets of Anderson yesterday at 3 to 6 1/4 cents. But little of the staple was offered for sale, however, according to statements from buyers. During the past week or so there was quite a movement of cotton going on but this seems to have let up a bit within the past few days. Cotton seed, however, continues to sell in considerable quantities and it is a common sight to see numerous wagons coming in from the country with this product for sale.

Charged With Drawing Pistol.
 Charged with drawing a pistol on a white man and threatening to shoot, negro by the name of Clifton Hawkins was arrested yesterday just below the Old Mill by deputy Jim Williams and locked up in the county jail. It is alleged that Hawkins drew a pistol on a white man who had purchased milk from his mother and threatened to kill him if he did not pay for the same that day. The negro will probably be given a trial before a local magistrate in the immediate future.

Satisfaction Over Laughlin's Appointment.
 Friends of Mr. William Laughlin, who was recommended by Congressman Aiken for nomination by President Wilson as postmaster at Anderson, yesterday received the congratulations from scores of friends who learned through The Intelligencer of his good fortune. As yet Mr. Laughlin has received no official notification from Washington of his recommendation, but it is probable that his name will be sent to the Senate within a day or so. In the article in yesterday's Intelligencer with reference to Mr. Laughlin's appointment a typographical error was made in that portion which had reference to his relatives. An uncle of Mr. Laughlin's was a member of the big cotton firm of Laughlin, Searies & Co., of Vicksburg, Mississippi by an error the name of Laughlin was omitted from the name of the above mentioned firm. It was also stated that he has a brother, Jefferson Davis Laughlin, who has been chancery clerk at Vicksburg for the past 20 odd years. This gentleman is Mr. William Laughlin's cousin and not his brother, as was stated.

Dial Badges For the Boys.
 The well known jewelry firm of Walter H. Keese and Company has for free distribution about one thousand attractive badges advertising a well known watch. The badge is in the shape of a watch dial and has white satin ribbon streamers attached. The souvenir is made to pin on the lapel of one's coat and makes a very attractive decoration for youngsters. Any child calling at the firm's place of business will be given one of the badges.

Big Turkey For Governor Blease.
 Sheriff Ashley stated yesterday that he will ship this morning a 25-pound turkey gobbler to Governor Blease, at Columbia, for his Christmas dinner. The monstrous turkey is a token of regard from the sheriff of Anderson county to the governor of the State. The gobbler is one of the largest and finest that has been in Anderson in quite a while.

 Excavations was commenced yesterday morning for a concrete walkway between the tracks under the new station of the Blue Ridge Railway. This walkway will extend from the west end of the overhead bridge to the rear of the new station, a distance of some 300 feet. It is for the use of passengers in getting to and from trains. It will be 18 feet in width and its area will be something like 600 square yards. Work of laying the second track under the overhead bridge will begin as soon as this walkway is completed.

Government Bulletins For Free Distribution.
 Furman Smith, the well known seedman, announced yesterday that he had received from the department of agriculture at Washington, 500 bulletins on various cases of scum and an equal number of bulletins on such things as scum, etc. The circulars are for (1) farmers to interested parties, and no charge will be made for them.

Will Try to Get Prominent Speakers.
 R. Goodwin Rhett, president of the People's National Bank of Charleston and formerly mayor of that city and a man identified with the national chamber of commerce; United States Senator Duncan U. Fletcher of Florida, President of the Southern Commercial congress and chairman of the federal commission on rural credits; and United States Senator Hardwick of Georgia are among the speakers being considered by the directors of the Anderson Chamber of Commerce for the annual meeting of the local organization, which will be held some time during the latter part of January.

Creditors of E. C. Lewis Are to Meet Monday.
 Today is the date set for the first meeting of creditors of E. C. Lewis, proprietor of a drug business at the corner of South Main and Church streets, against which a petition in bankruptcy was filed some days ago in the United States district court for the western district of South Carolina. The creditors are scheduled to meet in the office of Referee J. J. McSwain at Greenville. It is probable that a trustee will be named at this meeting.

For the Survey on Savannah River.
 It was learned yesterday that a representative of the corps of engineers, United States Army, had arrived at the home of Mr. Paul Earle on Savannah river, for the purpose of superintending the construction of quarters on a boat which the war department has purchased for making a survey of Savannah river, between Augusta and Andersonville. The engineer's name is Blackney. As the survey is in the territory of the Savannah division, the work will, of course, be under the supervision of Col. William C. Langitt, Corps of Engineers, U. S. A., who is in charge of the Savannah division. Gen. Dan C. Kingman, formerly in charge of the Savannah division, was made chief of the engineering corps about a year ago, and now has his headquarters in Washington.

Placed Guilty To Stealing Cloth.
 In the court of Magistrate W. C. Broadwell yesterday Will Pitts pleaded guilty to charges of stealing cloth from the Brogan mills and received a sentence of 30 days on the chain gang. Jesse Pitts, a brother, who was held on charges of receiving stolen goods—it being alleged that the cloth which Will stole from the mill was kept at Jesse's house—was dismissed by the court. Will Pitts, it will be recalled, is the negro who was arrested in Abbeville last week with two large grips full of cloth. A year ago last May Pitts pleaded guilty to a charge of stealing cloth from the Brogan mills, and was sentenced to pay a fine of \$30.

Charged with Drawing Gun.
 Upon the affidavit of J. R. Richey, Magistrate W. C. Broadwell yesterday issued an arrest warrant for Sam Wassenger, charging him with drawing a shot gun on the deponent and threatening him. Richey claims that he was peddling some wares in Toxaway mill village Wednesday and that Wassenger drove up behind him and began cursing him, drawing a shot gun on him and threatening to shoot.

Automobile and Man Collide.
 Mr. Charles Burton was driving his automobile on the east side of the square, about in front of Kay's store, yesterday morning, and at the same time Mr. John Tucker was walking across the street. The machine bore down upon Mr. Tucker before he had time to get out of the way, but he managed to save himself probable injuries by leaping upon the radiator of the machine. Mr. Burton brought his machine to a stop instantly upon seeing that a man had been struck. The accident was just one of those things which happen and for which no explanation can be given. It appears that neither saw the other until it was too late to avoid the collision.

SUGGESTIONS AS TO CHRISTMAS MAILING

NECESSITY FOR EARLY MAILING AND SECURE WRAPPING

WEIGHT LIMIT

Fifty Pounds May Be Sent Within Radius 150 Miles—20 Pounds Anywhere.

Suggestions covering the wrapping and mailing of Christmas and other packages have been made public by the postoffice authorities. Early mailing and the exercise of particular care in wrapping packages are the principal points stressed. The suggestions are as follows:

When to mail Christmas gifts: In order to prevent the usual congestion of Christmas mailings, the postoffice especially desires that parcels be mailed in advance of the usual time required to reach destination. For example, parcels for New York, Boston or Chicago should be mailed December 20, or sooner; earlier mailings are desired for more distant destinations.

Packing and wrapping parcels: Parcels should be securely packed, wrapped and tied. Umbrellas, canes and similar articles should be fastened between boards slightly longer and wider than the articles enclosed; hat boxes should be crated in wood; candies in boxes of good tin or heavy pasteboard. Sharp instruments or articles with sharp corners or edges should have the points or edges well protected. All articles that are easily broken should be carefully packed and marked conspicuously "Fragile."

How to address parcels: The name and address of the sender must be placed on all parcels, preferably in the upper left corner, the name and address of the addressee in the lower right corner, State of destination should be in full—not abbreviated.

Permissible additions: Do not seal parcels nor place letters in them, as parcels sealed are subject to first-class rates of postage. Inscriptions such as "Merry Christmas," "Happy New Year," "Please do not open until Christmas" may be placed on (or in) a parcel in such manner as not to interfere with the address.

Wooden boxes: Wooden boxes may have the tops nailed or screwed on when the contents consist of merchandise.

Limit of weight and size of parcels: Parcels to the limit of 50 pounds may be sent within a radius of 150 miles (the first and second zones) from the office of mailing. Beyond this radius the limit is 20 pounds. The limit in size is 72 inches in length and girth combined for all distances.

Valuable parcels insured: Valuable parcels should be insured against loss. Indemnity \$25, fee 5 cents; \$50, fee 10 cents. Tags can be obtained at the main office, taken home and filed out there; but in order to insure such parcels, they must be presented at the main office or one of the branch postoffices.

Valuable letters registered: Valuable articles sent at first class (letter) rates should be registered. A return receipt for a registered letter of insured parcel will be furnished if desired.

A. H. Dagnall, of this city, died late yesterday afternoon at her home in Williamston. Particulars as to her death could not be learned last night. News of her death will be received with regret in Anderson, where she was well known and greatly admired.

Christmas Rates Are in Effect.
 Christmas rates on railroads operating in this section went into effect yesterday.

This applies to the Southern, Charleston & Western Carolina, Piedmont & Northern and other lines of the southeast. The rates will be approximately two cents the mile. Tickets will be sold beginning yesterday and through the 25th, inclusive, then on the 31st and on January 1st. The tickets, which are round trip, will be good until midnight of January 6th, by which time the return trip must have been completed. The railroads are anticipating a liberal patronage.

Mrs. Sam Mauldin Dies in Greenville.
 News was received in Anderson yesterday of the death of Mrs. Ida Mauldin, in Greenville. Her husband is a first cousin of Mr. B. Frank Mauldin of this city. She had been suffering from cancer for some time and was taken to the hospital on Tuesday. The operation was performed Wednesday. No funeral announcement has been made.

Mrs. Mauldin was the wife of Mr. Sam Mauldin and a daughter of the late Dr. Harrison, a prominent physician of Greenville. Besides her husband she leaves a son, Dr. H. H. Mauldin.

Fire Matter Will Go to the Courts.
 T. E. Earle, who represented Judge J. S. Fowler on the board of arbitrators appointed to agree upon the loss sustained by Mr. Fowler when his automobiles were burned in his garage on West Market street several months ago, has withdrawn from the board, as they were unable to reach an agreement. This means that the matter will go into the courts for settlement. The board of arbitrators consisted of Messrs. T. E. Earle, Lee A. Folger, of Charleston, and Eugene Eskew of Columbia. The amount of insurance carried by Mr. Fowler was \$25,000.
